

Alaiedon Township Master Plan Update

Please take the Master Plan survey. We need your help to plan for Alaiedon Township's future!

Alaiedon Township is undergoing a Master Plan update! The previous Master Plan was adopted in 2002. The purposes of amending the Master Plan are to:

- update community demographic and existing conditions data;
- maintain compliance with MI Public Act 33 of 2008;
- align the Master Plan with other township plans; and
- confirm the community's vision for the future.

The **21-question survey should take approximately 10-15 minutes to complete.** Participation is voluntary. The data collected in this survey is completely anonymous. Results will be summarized and used by the planning team to develop Master Plan goals and strategies.

Why participate?

Your feedback will help the planning team to understand challenges and opportunities in Alaiedon Township, as well as the community's preferences for future land use and development.

If you have questions, please email:

alaiedontwp@gmail.com

Take the survey here:
